# BOYS! MEN! I'LL HELP YOU MASTER YUBIWAZA

— Says N.J. FLEMING — YUBIWAZA MASTER

\*(YUBIWAZA IS THE SECRET, AMAZINGLY EASY ART OF SELF-DEFENSE THAT TURNS JUST ONE FINGER OR YOUR HANDS INTO A POTENT WEAPON OF DEFENSE—WITHOUT ANY BODILY CONTACT...)

In just 2 hours after you receive "YUBIWAZA" you will be on your way to being an invincible YubiWaza Master, at home, this Fast, EASY picture way or it costs you nothing.

WHAT YUBIWAZA CAN DO FOR YOU IN JUST A FEW SECONDS...  
11:46 P.M.—You return from dinner. Headbush down looking remarks to your date.  
11:46 P.M.—They attack you with fists and bottles. You counterattack with YUBIWAZA.  
11:46 P.M. PLUS 7 SEC. ONOS — You are enveloped — while every headbush is on the run.

The VITAL Decision is YOURS to make. Which shall it be? To play it "chicken" by running away? Or be a "bushman" and be beaten up? Mail coupon now and be prepared with YubiWaza to send your attackers flying.

I'M A 3rd-DEGREE HOLDER OF THE BLACK BELT—SYMBOL OF HIGH PROFICIENCY IN THE JAPANESE SYSTEM OF SELF-DEFENSE THAT USES NO WEAPONS BUT BARE HANDS. I spent many years in Japan learning these little-known SECRETS. The most amazingly effective of all Self-Defense techniques that stand out in ALL my Japanese Training is contained in my AMAZING new YubiWaza book — all years to have if you ACT NOW. YUBIWAZA is the name of a Japanese system of Self-Defense that makes use of an EASY-to-Learn knowledge of vital body areas and the techniques of the use of just ONE Finger or the entire hand to counteract & overcome ANY violent attack. It is commonly known that with the aid of YubiWaza young men and girls, too — with only a few hours of training, turn back 3 and even 4 attackers — temporarily DISABLING ONE, putting another to flight, making a third howl with pain, while the fourth begged the opponent to stop.

## NOW YOU TOO CAN LEARN YUBIWAZA

The experts in Japan, who know and teach these ONE finger techniques have now explained that YUBIWAZA is a centuries-old system of Self-Defense which is so simple and so effective that outsiders were never instructed in its use. The system was restricted to Japanese who SWORE to apply these methods only in time of danger and attack by an aggressor. Many of the very techniques in my YubiWaza book, once highly guarded secrets of the ancient Samurai warriors never shown to outsiders are now shown to you — FIRST time!

BABY — And I am now ready to show you, too, through clear, easy to understand photos, every secret. I guarantee to make you a YUBIWAZA specialist in hours — or every cent you paid will be refunded. You don't have to attend my school where I train beginners like you and have them into experts. Now I can show you how to practice YUBIWAZA in the privacy of your own home with only a few minutes of practice a day. I'll show you how to defend yourself against headbush, bullies, "wise guys" and juvenile delinquents who respect neither lives nor property. When you apply YUBIWAZA with one, you can act as aggressor down with JUST ONE FINGER! You can disarm an opponent rushing you with his fists, a broken bottle, a revolver, or any kind of bludgeon. You can turn an aggressor's attack into your advantage with only one finger or your bare hands. No matter how "hot" the action gets, YUBIWAZA keeps you "on top." You can apply simple pressure of your finger against any side of a dozen or more vital nerve centers of your opponent and watch his gun or knife fall from his limp hand while he himself slinks to the ground completely helpless and silent. If the neighborhood bully pushes you, you

"I WEIGH ONLY 98 LBS. — YET I CAN PARALYZE A 200 POUND ATTACKER WITH JUST A FINGER — BECAUSE I KNOW YUBIWAZA"

— Says Yoshie Imanami — Pretty Japanese wife of N.J. Fleming — YubiWaza Master

can make him say "uncle" quickly — with the help of YUBIWAZA! MASTER EVERY SITUATION!

Made no mistake! The world is crowded with anti-social enemies who think nothing of sticking a knife into the ribs or attacking peace-loving citizens just for the fun of it. Or molesting boys and girls shamelessly. There is a crying need for a system of self defense that relies on KNOWLEDGE, not big muscles or strength... that depends on TECHNIQUE — not on weight or size of body. That is based on simple TEACHINGS — not on Negro possession of weapons. When you know YUBIWAZA you can disarm and disable your opponent in seconds. You can repel a mugger who grabs you from behind — no matter how big he is or how much he weighs. Instantly you know WHERE to attack, and 'as you have the body's major vulnerable regions, the defense or guard position to take, and your body's personal weapons which you can apply to maximum advantage. I have jam-packed all I know about YUBIWAZA into my Guide which I have profusely illustrated and clearly explained. I take you step by step through the fundamentals of this amazing system so that you understand clearly and immediately how these effective principles work. You learn these tricks used by detectives, police and G-men — how to fear-act bully. — how to turn vital spots that will make any attacker helpless. No matter whether you are big or small, strong or weak, you can overpower practically any opponent with lightning speed!

BECOME A NEW MAN! Knowledge of YUBIWAZA will turn you into a NEW MAN even if you never actually have to use it! For you will become SELF ASSURED through your ability to handle your self. You will walk with a deter-

mined and confident air aware with the knowledge that NOTHING can frighten you... that you can deal with ANY man, ANY weapon, ANY situation — and that you can do all this with NO bodily contact! And you will win respect and admiration from everyone. Thousands of men of all ages have won confidence and respect by learning YUBIWAZA. YOU can do the same! You owe it to your own peace of mind... to your friends and loved ones — to be able to defend yourself in those days when street may come at any time and place from headbush, criminals and delinquents. So mail Coupon NOW for my COMPLETE instruction on YUBIWAZA. If you and your friends don't see that YUBIWAZA has made a NEW MAN out of you, every cent will be refunded!

# RANEY'S RANGERS

The name is Major Henry Raney and at that time I was in command of the roughest and toughest bunch of jungle guerilla fighters that ever walked the face of this earth. Our assignment was a rather simple one: To annoy the Japs and let them know we still could sting back at that. We must have been successful because the price on my head was about equal to thirty thousands dollars in gold coin. My second in command was Captain Henry Patterson. My staff sergeant was Mike Gallenti. Our language expert was Rhat Bhupa barred from the Indian Army. We were resting at our base at Mgho Lupam. Definitely there was something "big" brewing in the air.

"General McDennell of our army is here with General Walter Leigher of the Indian-British Army," said Captain Patterson to me. "With a lot of other brass. They must be cooking something. Wonder if we are in on it?"

Half an hour later we knew the answer. They sent for us and the two of us were taken into the big conference room. We just weren't prepared for the group rising to welcome us.

"No words of appreciation can express our feeling towards you and your men, Major Raney," began General Walter Leigher. "His Majesty's Government feels you have definitely showed the Japanese we can fight back at them."

Nice words of praise. But what was up? Soon that information was given to us by General McDennell.

"In one month we shall have assembled the largest air invasion fleet ever seen on this continent. We are going to push the Japanese back right into the sea. We will be able to fly over the highest mountains. Drop thousands of paratroopers with heavy fighting equipment. But not today nor tomorrow. Just in one month. And that means we must buy a month's time in which the Japanese are unable to advance into India. But this is exactly what they plan to do. You see that detailed map on the wall? Notice the small red circle. Right there the Japanese have

assembled a tremendous ammunition and supply depot. We want you to take one hundred of your rangers with you. And destroy that depot."

"Will we get our supplies the regular way by parachuts drop?" I asked.

"Of course," replied Colonel Cooper who was in charge of that activity.

"And we get taken out, how?" I persisted.

There was a peculiar deadly silence for a few minutes. I knew the answer before it hit my ears.

"This will be a one way trip, Major. You better ask for volunteers and make it clear to them they won't come back. There is no way in which we can get you out. And the chances are a thousand to one you will be liquidated by the enemy."

When I put it up to my Rangers every every one of them volunteered. So we did it by late and took one hundred out of the three hundred men available. Lieutenant James Gaffey was left behind. And he didn't like it.

"Somebody has to carry on the work and tradition," I told him. "My men leave tomorrow morning at sun-up."

The rainy season had ended but the ground was still damp. We had so trouble at all for the first few days. Then we reached the Miapung River. This time we tried something different. We had with us two inflatable light rubber rafts. We blew them up and made them into a ferry to take across the men and the supplies. It took time but it worked very well. Sergeant Mike Gallenti went out with some of our men to scout the territory. He came back with some natives who told us the sad news.

The Japs were raiding all the villages and towns. To impress the natives into labor battalions. They were cutting a road through the jungle. So that their heavy guns and tanks could move across right into India. Well, would those same natives help us? The few old men left volunteered to carry our supplies. We were due for a drop soon and it would

have to be a low level one. Otherwise the enemy would spot it. We camped at a place we could defend with ease and waited. The next morning the light planes arrived and we contacted them by radio. They dropped the explosives we would need to blow up that ammunition and supply depot.

Late that afternoon we spotted a small Japanese patrol. We wanted no gun fire. So the attack was sudden, furious and by knife. We wiped every one of them out. And dug holes and buried the bodies.

"Give us their rifles," pleaded one of the old natives. "We too should fight with you for our homes and our people."

"But you will be wiped out," I told them.

"We will die anyway," grinned the old man. "Better in honor than in shame."

We had to work in a hurry now. Because I figured when that patrol didn't return, the Japs would get worried. Figure something was up and send out a big force. Meanwhile until they heard something they would reason everything was o.k. We saw a road that was being built by the conscript native labor force. But now we were in a hurry. We just left them there and the Japanese guards never saw us. If they had they would have departed this earth in record time. The old natives had a lot of energy. They knew about that big depot and took us to a hill. The sun was going down and from there with my field glasses I could see the supplies.

"There's our objective," I said to Captain Patterson. "We use grenades with dynamite sticks. But we have to get within reach."

Fortunately the night was dark. We crept along the ground on our bellies.

The entire area was enclosed in barbed wire and there were guard towers and searchlights.

"We cut the wire to get in. Then shot out the searchlights. That should help the confusion. Those of us who survive can come back here. We fight until the last bullet."

So we cut the wire and crawled inside the depot. We couldn't move until we had shot out those searchlights. Then at a given signal some of my men went into action. While the rest ran through the depot throwing death and destruction on all sides. What had taken a long time to accumulate went up in flames and explosions within one hour. But the fires burned all that night and into the next day. Most of my men managed to escape. Some were trapped by the explosions. Others killed in hand-to-hand fighting Japanese soldiers.

However the confusion helped us very much. We returned to where we had left the old natives. Rbat Bhupa had been with them and as soon as he spotted me he told me the news.

"The flames and explosions informed me you have been successful in your task. This very old native has a good idea. If we go back we will be wiped out. We don't have a chance. Now the Japanese will figure logically that we are going to make a dash for our home base and thus cut us off. This old native suggests that we do just the opposite. Go deeper into enemy territory. He knows of an old temple where he can hide all of us."

There are times in life when the attitude is something like this: What have I got to lose? So we followed him and the others through heavy jungle. Then we came to a clearing and there was a very large temple.

"Centuries ago there was a large flourishing civilization here," explained Rbat Bhupa. "This is the temple to the Rain Goddess. We all go inside."

Which we did and we were facing a very large stone Goddess. The old native bent down and found a hidden spring. The old native bent down and found a hidden spring. The base opened and all of us walked down along a narrow corridor until we came to some kind of a large subterranean room. I figured that in times of trouble they hid here. And it was a correct guess. Some women were there and there were many bags of rice.

"You and your men will stay here," said the old native. "I shall see that we get goods to you when needed. The women will cook for you."

We all stayed there for about three more weeks. Then one day we heard explosions. And also the sound of many planes. The counterattack had begun. We came out of our hiding and soon we met some of the paratroopers. Finally we met Colonel Cooper who had given up for dead.

"We knew you had blown up that depot," he told me. "And it gave us just the time break we needed. We are now on our way to victory and nothing will stop us!"

I would like to add that after the war I went back to this territory. I was curious about that old temple. It had saved my life as well as the lives of my remaining men. The old men had all died but younger ones knew about me and the work we had done. But I could learn nothing about the ancient civilization that had once existed. I was grateful for that remaining temple that had kept us secure until help had arrived.

# NEW DISCOVERY IN HYPNOTISM

shows how to hypnotize  
in 30 seconds!

Yes, an amazing new method has been developed to bring on quick, easy induction of the hypnotic trance. Now, for the first time, you too can benefit from this recent discovery in hypnotic induction.

## QUICK RESULTS

Want to hypnotize your friends? Your club members? **HOW TO HYPNOTIZE** is a remarkable primer that shows you just how to master the latest improved induction method. The author, a widely experienced hypnotist and consultant, gives you the exact positions to take, the precise phraseology, all the steps necessary to hypnotize even the most difficult subjects.

**EXCLUSIVELY**

# in How to HYPNOTIZE

## ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed **ENTIRELY NEW METHODS** that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in **HOW TO HYPNOTIZE** in language that you can easily and successfully follow on the very first reading!

## SHOWS YOU STEP BY STEP

This book — which has been acclaimed by doctors and psychologists — is guaranteed to give you all the know-how necessary to induce the trance state in others. It not only explains the latest discoveries in hypnotic induction, but it shows step by step, move by move, exactly how to bring on the trance; how to transform the trance into deeper and still deeper states; and how to terminate the trance quickly and effectively without any dangers whatsoever. You are even given alternative methods, so that you can actually choose the one that suits you best.

### USED BY DOCTORS

The book that is being used by doctors and psychologists to learn hypnotic induction is now available to you
